Capture Every Important Moment

By subscribing to the cloud plan, Vistaflask camera records and uploads event moments to the Home V app directly. Super easy for video playback, finding any important moment, and downloading recorded video clips. All the data storage and your information are encrypted. For your convenience, you can also save your motion triggered recordings in microSD cards (NOT INCLUDED). Don't miss a thing. MicroSD card up to 256GB.

Keep an Eye Inside and Outside With Our User-friendly App

With the VIRTAVO security system, you can control all aspects of your home and business seamlessly and effortlessly through a single APP, Home V- Smart Camera. Through it, you can set custom detection area to reduce false alarm and receive alerts only in specific areas. You can share the camera access to your family in a secure and controllable way. You can set a specific alarm to fit your own schedule, reduce unwanted motion alerts and save battery life.

Customize Security, Embracing Serenity

Stay alert with real-time motion detection - never miss a moment, be it your pet's playful antics, your family's memorable moments, or an unwelcome visitor. Bid farewell to false alarms with our advanced AI that intelligently distinguishes between humans, pets, and vehicles. Communicate freely with two-way audio, making sure your voice is heard even when you're miles away. Be prepared for the unexpected with a bright siren alarm ready to scare off any intruders when the PIR sensor detecting any suspicious people trying to commit a crime.

Screw Packs

Quick Start Guide

Camera Mount Holder

3M VHB Sticky Adhesive Pad

Disclaimers:

1. For product compatibility, visit www.virtavo.com
2. Accuracy of Person, Vehicle, package, and Animal Detection will be influenced by multiple factors, such as the object's distance from the camera, the size of the object, and the height and angle of the camera. Night vision will also impact the accuracy of detection.
3. With Person, Vehicle and/or Animal Detection activated, Package Detection can not be enabled. To operate Package Detection you must disable Person, Vehicle and Animal Detection.
4. Color nighttime video typically switches to black & white IR night vision when there is not sufficient ambient light to ensure optimal low-light image quality.
5. Stated IR illumination range is based on ideal conditions in typical outdoor nighttime ambient lighting (up to 32 ft or 10 m in total darkness). Actual range and image clarity depends on installation location, viewing area and light reflection/absorption.
6. Controlling certain features in your security system requires a compatible smart device. Availability and performance of certain features and services are smart device dependent and may not be available in all areas or networks. For compatibility, features, instructions visit: www.virtavo.com.
7. Audio recording is disabled by default. Audio recording without consent is illegal in certain jurisdictions. Lorex Technology does not assume liability for any use of its product that fails to conform with local laws.
8. Not intended for submersion in water. Installation in a sheltered area recommended.
9. Recording time may vary based on recording resolution & quality, lighting conditions and movement in the scene.
10. Requires a high-speed internet connection and a router (not included) for remote access. A minimum upload speed of 3 Mbps is required for the best video performance. For the latest list of supported apps and devices, please visit: www.virtavo.com/support
